

- **VITAL RECORDS:** Bureau of Vital Statistics [Birth, Marriage, Death] - Search in city where the individual was born and/or died
- **ARCHIVES:** Search in countries you are researching - Always request Jewish Records, and translations, if possible
- **CEMETERIES** - direct requests may be made for photos, or check cemetery databases online
- **GOOGLE** - Ask Google any question relating to your research - you will be surprised with the online information which is available!
- **AND** - "let your fingers do the walking" - whenever possible [saves a lot of time]

*****Wishing you the best of luck in the search of your ancestry. Sylvia*****
