

Palm Beach County JGS Genealogy Workshop

JGSPBCI will conduct special two hour Beginners Workshops for members. The workshops will be held prior to the regular monthly meetings (9:45-11:45), on January 10th and March 14th, and limited to 10-15 pre-registered participants. Phyllis Kramer, Vice President for Education for JewishGen and Board member of JGSPBCI will conduct the workshops.

In an intimate classroom setting, using powerpoint slides, Phyllis will cover: Organizing Your Information, Genealogy Charts, Researching Census, Vital Records and Passenger Manifests. The presentation will last about two hours and students will be given every opportunity to ask questions during the workshop and afterward. Our goal is to deliver individual attention and follow-up to each student through consultations and the JGSPBCI mentoring program at the library.

Requirements: Students must be relatively new to genealogy and comfortable downloading files from the computer. To register for the Workshop, complete the form below and send to Joel Sisitsky 22918 Sterling Lakes Dr., Boca Raton, FL 33433 by March 1, with the \$25 fee. For questions contact Joel at joelsisitsky@gmail.com.
